Declaration Of Cleanliness

Most countries have strict quarantine regulations and it is a requirement that all goods are cleaned thoroughly and preferably disinfected before goods are shipped.

These regulations impose very strict controls over any goods exported from the UK.

- All Shoes to be thoroughly cleaned and packed together in clearly labelled cartons.
- All Garden Tools, Lawn Mowers, Garden Furniture, Brooms, Golf Clubs, Camping Equipment, Bicycles, Garden toys, Swings etc, also items used with animals such as saddles and riding tack must be cleaned thoroughly and preferably sprayed with Maff approved disinfectant, also clearly labelled as they may require inspection on arrival.
- No food items should be sent.
- All Motor Vehicles, Bikes, or anything with wheels must be Steam/Power Cleaned.

Agriculture and Quarantine inspection fees are always excluded from our quotations and are the responsibility of the owner of the goods. Please be aware that in extreme circumstances your goods may be refused entry and the container returned to the UK. In such circumstances, any additional costs will be the responsibility of the consignee or owner of the goods.
